IHS Jane's is a 100 year-old company with tremendous equity based on its leadership position as a source of unparalleled insight and its reputation as an information leader across the markets it serves. IHS Jane's has a solid reputation for accuracy, authority and impartiality.

- Customers, partners and clients turn to IHS Jane's for a strategic advantage gained from intelligence acquired by a unique worldwide network of independent analysts. Governments, militaries, business leaders and academics in over 180 countries rely on IHS Jane's providing timely and insightful information on threat and security issues.
- IHS Jane's value lies beyond its databases and capabilities. It is a company that is known and valued for earning the highest level of trust among its customers. Founded in 1898, IHS Jane's has always been at the forefront of publishing and developing information solutions for its customers. IHS Jane's provides a unique and independent service that allows its clients the ability to make mission- or business-critical decisions with assurance.

IHS Jane's offers a full range of off-the-shelf information solutions as well as specific tailor-made consultancy services in these areas:

- Country-by-country internal and external security and threat assessments
- Defence news and analysis
- First responder toolkits for homeland threats
- Orders and formations of worldwide armies, navies and air forces
- Military systems and equipment
- Airport news, equipment and services information
- Worldwide geopolitical intelligence and news analysis
- Risk assessments for businesses and industry looking at markets and nations
- Worldwide national rail and urban transportation systems
- Police and law enforcement news and equipment information

IHS Jane's has offices in seven locations worldwide and an international network of journalists, researchers and correspondents who support the backbone of IHS Jane's editorial expertise.
